

EXTERIOR FIBERGLASS OUTSWING DOORS

Completely pre-hung with a flat mounting flange, ready to install!

Lockset, sealant tape, drip caps and screws sold separately. See following page for options. See charts below for **part numbers**

Standard Features
 *Strong welded aluminum frame with integral weather baffle.
 *Heavy, damage-resistant fiberglass panels securely bonded to core. *High density foam lock block. *Core is edge bored and capped for easy addition of deadbolt. *Extruded flap vinyl on all four sides of the frame form the secondary seal.
 *3 extruded hinges, complete with stainless steel bushing, join core to frame. *Effective insulating foam core. *Core surrounded by extruded aluminum.

Pebbled Fiberglass Finish
 White/White Standard- Off-White also available.

Note: "Call size" refers to the stud-to-stud rough opening in the wall, not the door itself! To determine call size, see page 3.

Shipping Note: *All Exterior Doors must ship by freight unless located within local delivery route area.

How to Identify Left or Right Hinge:

Look at the door from the outside of the home. The side with the hinges determines left or right hinge.

◀ (Hinges on the left, left-hinge door)

(Hinges on the right, right-hinge door) ▶
