EXTERIOR OUTSWING STEEL DOORS

An out-swing entrance door that gives your home a clean and classic look without compromising security and energy efficiency. With heavy-duty steel paneling and a galvanized steel frame, this door securely protects your entryway. It is completely pre-hung and ready to install. The door has a flat mounting flange.

***White painted galvanized steel mounting frame- Six Panel Design- 1 3/8" door thickness- 9-Lite and 4-Lite Window Options available- Effective Polystyrene foam core insulation- Complies with HUD standard 3280.405.**

Sealant tape and screws are not included.

◀ Full perimeter compression gaskets and seals.

◀ Fully prepped for knob/lockset and deadbolt lock.

◀ Four extruded hinges with bushings.

No window, left hinged.

9-Lite window, right hinged.

4-Square window, left hinged.

Note: "Call size" refers to the stud-to-stud rough opening in the wall, not the door itself! To determine call size, see page 3.

How to Identify Left or Right Hinge:

Look at the door from the outside of the home. The side with the hinges determines left or right hinge.

"Call Size" and Hinge Side ▼	Blank- No Window	With 20" x 36" 9-Lite Window	With 4-Square Window
32 x 72 Left-Hinge	84102-L6P	84107-6P	84103-6P-SQ4
32 x 72 Right-Hinge	84102-R6P	84108-6P	84104-6P-SQ4
32 x 76 Left-Hinge	84113-6P	84118-6P	84114-6P-SQ4
