

EXTERIOR FLUSH-MOUNT STORM DOORS

Our flush-mount storm doors are designed mount to the outside of a metal clad jamb for our residential doors (see page 11) *Available in white frame only! Ready to install. Hardware, sealant tape and screws are not included.

◀ A picture of the top inside corner.

Note: "Call size" refers to the stud-to-stud rough opening in the wall, not the door itself! For help on determining call size, see page 3.

For Storm Door Hardware see Page 9.
