Water Heater Doors

▼ Water Heater Doors with Removable Panel ▼

84180-V-
23" x 60"
Vented

White Aluminum Frame- Removable panel is held in with one screw and removed with the aid of an attached ring.

Perfect for covering up that awkward water heater cubby hole on the outside of your home, keeps the water heater from escaping, and keeps those water heater loving varmints out! Comes with pre-drilled holes for flush-mount application.

The Call Size for a Water Heater Door is the measurement of the rough opening in the exterior wall where the entire door is installed.

84179-
20" x 60"
Non-Vented
84180-
23" x 60"
Non-Vented

White Aluminum Frame- Removable panel is held in with two swivel keys.
