

SPLIT SYSTEM A/C UNITS AND ACCESSORIES

A split system has two parts that are designed to work together- the indoor unit (furnace and a-coil) and an outdoor condensing unit or heat pump. When properly matched with a furnace or air handler, the result is maximum efficiency and extended system life.

***14 S.E.E.R. with Environmentally Friendly R410A Refrigerant.** Composite Base Pan absorbs sound and is corrosion resistant. Composite is stronger and lighter than steel. Micro-Channel Coils- All aluminum coils in all models which provide high corrosion resistance. High Pressure Switch protects against abnormally high system pressures. Auto-reset feature prevents nuisance service visits. Louvered Condenser Guard- Durable metal guard protects coil from yard hazards and extreme weather. Designed Using Galvanized Steel- With a polyester urethane coat finish. The 950 hour salt spray finish resists corrosion 50% better than comparable units. AccuCharge with FitRight fittings- Correctly charged for fast easy installations. AccuCharge™ 5 year parts/ 1 year labor* Extended service contracts available *To receive 10-years parts Limited Warranty, online registration of unit must be completed within 60 days of installation.

Mobile Home "A" Coil Only for 410A Split Systems

TXV's (Non-Bleed Type) Installed on All Units- Indoor Coils Fit ALL Manufactured Housing Furnaces- "Poly-Blue" Coating on All Indoor Coils for Efficiency and Overall Improved Indoor Air Quality- Environmentally Friendly R-410A Refrigerant- 100% Corrosion Resistant Copper Tube Coils

▼ Stub and Sweat Kits ▼

◀ **53143- Stub/ Sweat Kit for Indoor Coils up to 3 Ton**
 *Includes (1) 3/8 Stub and (1) 3/4 Stub

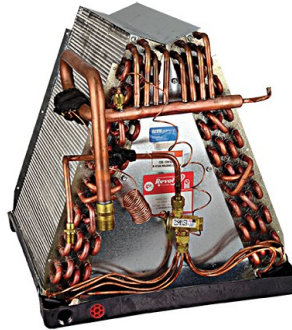

◀ **53144- Stub/ Sweat Kit for Condensers up to 3 Ton**
 *Includes (1) 3/8 Stub with Port and (1) 3/4 Stub with Port

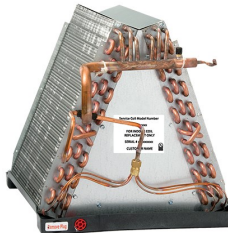

◀ **53153- Stub/ Sweat Kit for 3 1/2 Ton Indoor Coils and Larger**
 *Includes (1) 3/8 Stub and (1) 7/8 Stub

◀ **53154- Stub/ Sweat Kit for 3 1/2 Ton Condensers and Larger**
 *Includes (1) 3/8 Stub with Port and (1) 7/8 Stub with Port
